

In 2009 the Fairfield Glade Neighborhood Watch Coalition (FGNWC) was established to promote excellence in the pursuit of good neighborly conduct and responsible citizenship.

Neighborhoods were established and Neighborhood Watch Coordinators were chosen to represent the Neighborhood, to communicate with the FGNWC Board and distribute information on safety and community events with their respective Neighborhood Watch Groups.

In 2018 the Coalition moved to the Fairfield Glade Police Station where the organization partners and works closely with the local law enforcement.
